JUNE 2024

KEEP IT UP, LADIES!

The weather has been cool, but looks like it should warm up, still keeping fingers crossed for good weather this season!

The mid-season draft pick up is complete, a few teams were able to pick up a few new players. Yay!

There are still 2 players on the Spare List. The spare list players can play with Competitive & Open teams. First come, first serve.

Also, a reminder to all players regarding sportsmanship. **Sportsmanship is defined as: playing fair, following the rules of the game, respecting the judgment of referees and officials, treating opponents with respect.** All teams are expected to play 'clean' games, aggressive behaviour is not allowed. And do what you can to prevent the perception of running up the score.
